In Flanders fields the poppies blow
 Between the crosses, row on row,
 That mark our place; and in the sky
 The larks, still bravely singing, fly
 Scarce heard amid the guns below.

We are the Dead. Short days ago
 We lived, felt dawn, saw sunset glow,
 Loved and were loved, and now we lie
 In Flanders fields.

Take up our quarrel with the foe:
 To you from failing hands we throw
 The torch; be yours to hold it high.
 If ye break faith with us who die
 We shall not sleep, though poppies grow
 In Flanders fields.

News From The Treasury—Peter, VA3WET

I have to say that NPARC is financially sound and will continue to be now that the Big Event will go ahead the first Saturday in February in 2016. This is the 38th year of the Big Event and it is the first big amateur event of the year. It is attended by hundreds of amateurs and the general public.

I will be contacting the Radio Amateurs of Canada, Inc. (RAC) in the next couple weeks to pay for the club liability insurance. Without this insurance, the club will not be able to do the many good things it does such as help out with parades, have special events that require insurance and rent facilities for meetings and Field Day. You can renew and/or join at the November meeting or send a cheque or money order to NPARC, PO Box 20036, Grantham Postal Outlet, St. Catharines, Ontario L2M 7W7.

If you are a RAC member, your fees are \$40.00 per year and \$50.00 if you are not. That is less than \$1.00 per week.

I must remind the membership that as of September 1st, 2015 your membership dues became due. Please bring your cheque to the November 12th, 2015 General Meeting at the Royal Canadian Legion in Fonthill, Ontario. If you cannot make the meeting, you can make your cheque or Money Order out to NPARC, Inc. and mail it to the Niagara Peninsula Amateur Radio Club, Inc., P.O. Box 20036, Grantham Postal Outlet, St. Catharines, Ontario, L2M 7W7. You will not have voting privileges until your membership is paid in full. Please write your RAC membership number on your cheque. To continue to receive the FEEDLINE, please pay your dues before the end of November.

Why be a Member of NPARC? Your Membership...

- ⇒ Supports three Niagara area repeaters: VE3NRS, VE3RNR and VE3WCD for members, guest amateurs and Emergency Communications.

NPARC Very Merry Christmas – Peter, VA3WET

It was suggested at the September General Meeting that we investigate having a Christmas meal before the December meeting at the Royal Canadian Legion in Fonthill in the same room as our meeting. I talked to Toni and she said she can put something together for \$10.00. The food would be served at 6:00 pm or sooner if they open it up to the legion members. Here is what she has suggested. We can vote on it at the November meeting. Of course your significant other and friends are invited. We would need a head count.

Study Guides

[Radio Amateurs of Canada](#) offers the following study guides to help you learn the things you'll need to pass your exam and have fun with amateur radio:

Morse Code may be learned in a class or by self-study using a number of methods. A popular way is to download a software program that teaches the Morse Code and provides drills at progressively higher speeds until the student is ready for the examination.

It should be noted that, while Morse Code is almost extinct in the commercial radio services, it still has wide usage in amateur radio. As proficiency speeds beyond the five words per minute is desirable, it is important to learn and practice the Morse Code so as not to inhibit your own future speed development. Accepted practice is to use what is known as the Farnsworth Method whereby character speed is faster than the word speed, allowing longer timing spaces for comprehension.

One of the most popular Morse Code learning and practice programs is called [Morse Academy](#).

Though you won't be able to fully apply the information until you start operating your station, you will find the information in the following desk reference book of considerable value:

[RAC Operating Manual](#)

Like the [RAC](#) study guides, the following books reflect the latest changes in the [Canadian amateur radio regulations](#). You may purchase [RAC](#) publications at major amateur radio retailers or on-line below.
